Better Carts for Better Outcomes

WIDE CART

WXGKU-333669-FWG

WXGKU-333669-LTG

By going wider, you don't have to go taller to store a large amount of supplies. Specially built for anesthesia, our wide cart is a great option to keep your cart top work surface at an ergonomic height, while providing maximum storage capacity.

Tilt bins can also be added for additional organization. Simply order our custom wide horizontal rail system (BRS-2W) and the tilt bins of your choice.

DIMENSIONS

CART: 36"(w) x 24.5"(d) x 45"(h)

DRAWERS: 29"(w) x 17"(d)
